

Stromness Primary School Nursery
Tel: (01856) 850 544
Email: stromness.elc@glow.orkneyschools.org.uk
Manager: Miss Caroline J Easton

27th September 2024

Dear Parents/Carers,

I thought I would take this opportunity to introduce myself as the Nursery Manager. I took up the post in November 2023. The previous manager resigned in July 2023 and Miss Kelsey Harvey (senior practitioner) became acting manager until my arrival.

I joined the team with over 40 years experience in early years, previously managing the largest nursery in Orkney for 5 years. Prior to taking up the position as Stromness Nursery Manager, I was an inspector for Early Learning and Childcare with the Care Inspectorate.

I am delighted to join the nursery as it is a fantastic setting where the children have many experiences and opportunities to learn and develop to reach their full potential. The nursery team are very passionate, enthusiastic and motivated to ensure all children receive high quality ELCC. Learning takes place both indoors and outdoors and we are currently developing the woodland area opposite the school to increase the children's learning experiences.

We are building positive, trusting relationships with our nursery families and look forward to meeting all our new families.

Kind regards,

Caroline J Easton
